

COVID-19 Update Business Continuity Plan

Dear Clients and Friends:

As the unprecedented events relating to the COVID-19 pandemic continue to unfold, we will continually provide updates to share the steps and precautions we are taking at The Lynch Law Group to ensure that we continue to exceed your expectations during this time.

Office Protocol

Our top priority is the health and well-being of our clients, colleagues, business partners and employees. ***Although our physical offices are closed at this time, we remain fully operational and available to serve you.*** All members of our team are working remotely and are equipped with the tools and technology necessary to serve your legal and business needs, now and throughout all forced shutdowns or quarantines that might be established.

Client Communication and Meetings

We are focused on remaining in constant communication with our clients during this unsettling time. Our attorneys are available for client meetings via telephone or video conference. Should an in-person meeting be necessary, we will follow the CDC guidelines, which include avoiding physical contact, adhering to the 6 foot rule, cleaning all surfaces, and practicing other social distancing protocol.

Our Commitment

As we all navigate the complex issues associated with this global emergency, we offer our well-wishes to you and your families. We are here to serve you, and our commitment to your continued operations and business is unwavering. Please do not hesitate to contact our office with your questions and concerns. You can reach an attorney by calling the office at (724) 776-8000 or via email.

Be safe and stay well.

Sincerely,
The Lynch Law Group
